## BOARD ASKS DATA ON RETARDED PLAN

J. M. McFadden, president of the Palm Springs Foundation for Mentally Retarded Children, Incorporated, last night petitioned the Palm Springs Unified School District Board to establish a school program for trainable mentally retarded children for the coming school year.

Second portion of the dual request was that approximately four acres of excess school lands be made available to the Foundation "on mutually agreeable terms."

THE REQUEST continued that proposed terms would stipulate proof of financial ability of the Foundation to provide "complementary services" for day-care of trainable pupils, plus 24-hour care for some children, and a workshop for older children.

The petition stated that the three alternatives for the care of trainable children are:  
— Establishment of a school program within the home community;  
— A care program in private or State hospitals, or similar care institutions;  
— Continued care within the family without specific training or education, and subsequent care . . . by public or private agencies.

DR. BERNARD POLIAK, board president, said the board is "concerned and interested" in the possibilities of a trainable program, and stated the board "would like to see" an administrative study on such a program and its ramifications, and report to the board.

McFadden pledged the support of the Foundation group, and parents of retarded children to the board and administration, in working out the requested program.

THE BOARD also received the initial budget requests from school officials, which totaled \$2,678,132. Estimated revenues, based on the county assessor's March estimate

of \$112,315,340 assessed valuation in the district, minus the required ten percent allowance for delinquencies or overage, totaled \$2,396,118.07 for current expenses.

School administrators emphasized that the operating budget is being figured back from estimated revenues, because the district is at its maximum tax rate, unless a special vote is called. The rate is \$1.65 per hundred dollars assessed valuation for operations, two cents for community services, and 39 cents for bond interest and redemption.

THE BOARD EMPHASIZED the initial requests, exceeding the estimated revenues by less than \$300,000, are "more realistic" than the first requests last year which exceeded revenues by approximately \$2,000,000.

The school and district administration officials will pure requests close to expected revenues. Final size of the adopted budget will reflect possible increases in valuation report within the next month. The tentative board budget will be issued in June, the published budget in July.

## Cop Killer Dies In Gas Chamber

SAN QUENTIN, Calif. (UPI) — James E. Hooton, 27, Los Angeles policeman-slayer, died with outward calm in the San Quentin gas chamber today in the first execution here since Caryl Chessman was put to death May 2.

## Miss Palm Springs

## Local Beauties Sought for Fete

A search was started today for a Palm Springs area lass who will represent Palm Springs in Santa Monica on June 15-19 in the state-wide Miss California Beauty Pageant.

Miss Palm Springs — whomever she may be — will be chosen the night of June 3 in a spectacular pageant of beauty and entertainment to be held poolside at the Palm Springs Riviera Hotel.

ENTERTAINMENT — THE very best — gathered from Hollywood, New York and Las Vegas, will "spell" the candidates while they change from street clothes to formal to bathing suits.

The contestants will appear in all three forms of dress, and can be sponsored by local business firms.

Rules for the selection of Miss Palm Springs must be strictly adhered to, in order to comply with the rules of the Miss California, Miss United States and Miss Universe Beauty Pageants.

CANDIDATES MUST be 18 years of age prior to July 1, 1960, unmarried, must have lived in the Palm Springs area for not less than one year, must be in good health, and have beauty, charm, and poise.

Although for six years the Miss Palm Springs Beauty Pageant was held at the Chi Chi Starlite Room, Irwin Schuman of the Palm Springs Riviera and Ward J. Risvold of The Desert Sun have moved the spectacular show to the Riviera Hotel.

# Russian Generals Snub U.S. Visit In Rebuff Over 'Spy Plane' Incident

## Scientists Fire, Lose New Satellite

'Radio-Mirror' Looks Good But Malfunction Told

CAPE CANAVERAL, Fla. (UPI) — American scientists fired a "radio mirror" balloon satellite into space today and then apparently lost it.

The 136-pound Project Echo satellite rode into the skies on a 92-foot-tall Thor-Delta, the nation's newest space rocket.

FOR THE FIRST few minutes, the shot looked good as the missile climbed high into the black, morning sky. Then the tracking operations apparently went haywire.

Robert H. Gray, field project manager for the Federal Space Agency's Goddard Space Flight Center in Washington, said there were indications of a malfunction during the satellite's long coasting phase which was to have pushed it to an altitude of 1,000 miles.

HE SAID ANY number of things could have happened — "It could have been successful, it could have gone into an entirely different orbit, or it could have gone straight up or straight down and failed. At this moment, we really don't know. We are studying our data."

There were conflicts in the National Aeronautics and Space Administration's reports on the progress of the shot. NASA first announced here that all three stages had fired successfully.

Later, NASA offices in Washington said "project officials are unable to confirm at this time the firing of a second and third stages of the Delta rocket."

## CVJCD Approves Specifications

PALM DESERT — Educational specifications were approved and the Coachella Valley Junior College District board of trustees decided last night to keep its present headquarters on Highway 111 here for one more year.

The specifications are a collection of statements for architectural use concerning the kinds of rooms and how many will be developed in the first major development.

The board adjourned its meeting last night to meet again at 7:30 p.m. May 26 to check architectural plans and progress.

A DISTINGUISHED GROUP of civic and business leaders will spearhead a membership drive for the Palm Springs Chamber of Commerce. Serving as general chairman is Herb Samson, center seated, assisted by: Left to right, Herb Lahey, Tom Kieley, Samson, Francis Crocker and Arthur Press. Standing, Roland Richter, Fred Ingram, George Ripley, Rick Costi, Duke Masterson, Hardin Hart, Leo Baker, Warren Slaughter and chamber manager Jimmy Cooper. (Chamber of Commerce Photo).

## CC Development Company Raps Cityhood Plan

CATHEDRAL CITY — The Cathedral City Development Company has recorded objection to the proposed incorporation of Cathedral City, according to Sam Arner, who heads the Taxpayers group opposing incorporation.

Arner said that Phil Wadel of Oakland, president of the company which reportedly owns 100 acres in the incorporation area, submitted the following statement regarding his action, which was concurred in by the company's board of directors:

"The Cathedral City Development Company with its 100 acres of land in the proposed incorporation area has signed up again incorporation, believing it to be impractical at this time and economically unsound as proposed by the Incorporation Committee because the area is too small with no opportunity of annexing adjoining territory within a foreseeable time under the present set-up."

## Moslem Sect Mourns Khan

PARIS (UPI) — The Islamic Moslem world began three days of mourning today for playboy-diplomat Prince Aly Khan who died Thursday night in the crash of his powerful sports car with the name of a beautiful woman on his lips.

Aly, 48, was pronounced dead in a Paris hospital shortly before midnight after the Italian-built Lancia he was driving collided head-on with a French sedan. Witnesses said his dying words were "How is Bettina?" — the beautiful French model with him at time of the crash. She had been his constant companion in recent years.

## 300,000 COUNTY POPULATION BY '61, SAYS BANK SURVEY

SAN BERNARDINO — Riverside County's population should reach 300,000 within the next 12 months, Robert P. Williamson, a vice president of Security First National Bank's Citizens Division forecast here today.

"Riverside County's numerical gain in population since 1950 has exceeded that of any one of 15 states in the nation. Homebuilding established an all-time record during 1959, and personal income totaled a record \$390 million and retail sales about \$390 million. During the past two years, Riverside County's growth has been maintained at a relatively higher level than San Bernardino County's," Williamson said.

Williamson's statements were highlights from a 50-page growth and economic stature report on San Bernardino and Riverside area prepared by the Security research staff, which was presented today to delegates to the 9th annual San Bernardino and Riverside Economic Conference in the National Orange Show cafeteria.

Hotel Association — co-chairmen, Roland Richter, resident manager of the Oasis Hotel; Gordon Ross, owner of the Whispering Palms Hotel; and Duke Masterson, manager of the Desert Retreat Hotel. ## Norway Gives Protest Note To America

Cold War Crisis Mounts as Soviets Protest to Norway

From UPI Wires  
Russia dealt a new rebuff to the United States today, cancelling a visit to the United States by its top Air Force generals as a new series of protests and exchanges regarding the U. S. "spy plane" kept the international situation in a continuing state of tension.

Norway, one of America's staunchest NATO allies, received an official protest from Russia today and sent one of its own to America on the U. S. plan to land its jetpowered reconnaissance plane in the Scandinavian nation.

MARSHAL K. A. Vershinin, commander-in-chief of the Red Air Force who had been scheduled to arrive here Saturday with nine fellow officers, notified the U. S. Air Force he was calling off the visit because "unfavorable circumstances have been created." The development was the latest in the mounting cold war crisis touched off May 1 when the Russians downed a U. S. plane on a spying mission over the Soviet Union.

THE CRISIS already has raised doubts about President Eisenhower's scheduled visit to Russia next month. Soviet Premier Nikita Khrushchev himself suggested this week that Eisenhower might not be welcome as a result of the spy plane episode.

The President, however, has let it be known that he would not cancel the trip unless Khrushchev personally withdraws the invitation. Should Khrushchev do so, Eisenhower has said that would be all right with him.

THERE WERE THESE other related developments:

—The United States renewed its demand for Russia to allow an interview with Francis G. Powers, the spy plane's captured pilot.

—In Chicago, Adlai A. Stevenson accused the administration of blundering on the eve of the summit conference and of selfishly seeking national security rather than world peace.

Stevenson said the downing of the U. S. spy plane in Russia and President Eisenhower's May 7 statement that the United States would resume nuclear testing may hurt chances of a nuclear test ban agreement at the summit.

THE LONDON Communist Daily Worker said today that American pilot Francis Powers owes his life to the fact that the Soviet rocket that shot down his plane exploded under its tail.

## HENWOOD LAUDS HOSPITAL'S AIDES

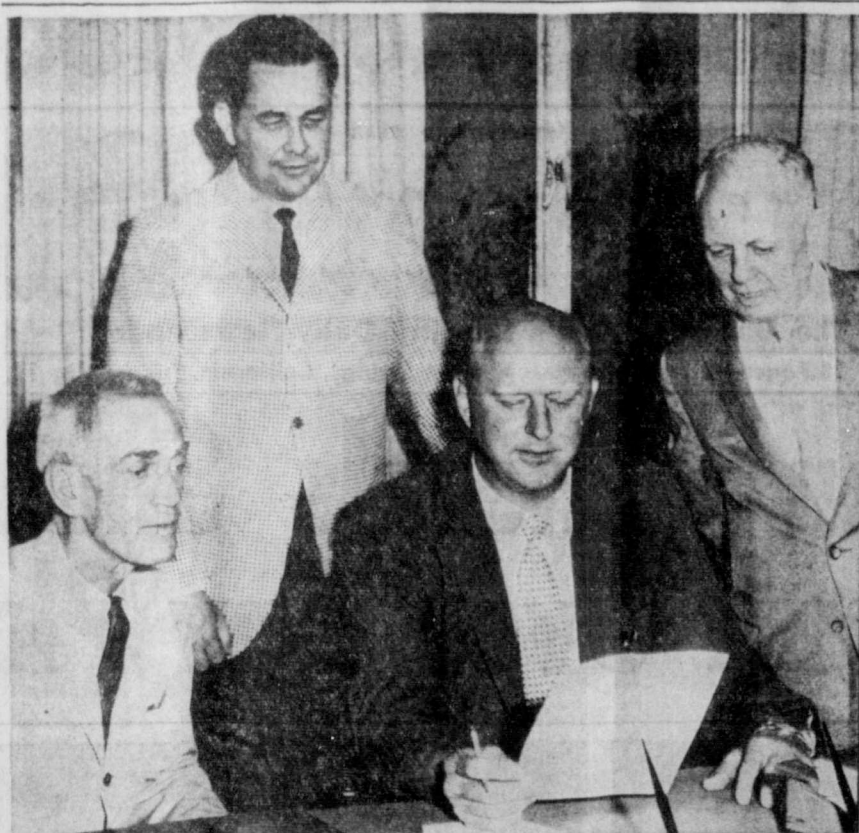

A million and a half Americans work in hospitals today, their jobs including a wide range of skills from accounting to x-ray technology. The "Many Hands and Skills" joined together for patient care are being saluted during National Hospital week, May 8-14, according to Robert Henwood, administrator of Desert Hospital.

In the short-term hospitals which care for most of the people admitted to hospitals each year, the ratio of employees to patients has risen from about 1.5 per patient to more than two per patient since 1946, Henwood said. As services increase, the ratio continues to rise, for each new service added means not only new

facilities and equipment but the trained hands to carry out the tasks.

THE VARIOUS departments of the hospital offer many types of health careers, at many levels of training. In the professional service departments, nursing, graduate professional nurses, some with additional specialty training, practical nurses, nurse aides, and orderlies.

"There is great personal satisfaction in a hospital career," said Henwood. "Every worker in the hospital knows that he is contributing his part to an essential community service which brings new life and hope to more and more people each year."

### CHAMBER DRIVE

chairman, Herb Lakey, president of the Realty Board, Contractors Association — chairman, Arthur Press, Professional group — co-chairmen, Warren Slaughter, an attorney and past president of the chamber, and Doctor William Elliott.

MEETING IN A closed session at the director's room of the Chamber of Commerce, the new membership committee was briefed on the membership situation by manager Cooper. The dues structure and schedule were explained in detail and the unanimous decision was to continue the present membership dues and place greater emphasis on new members.

Chairman Samson expressed his views to the committee regarding the primary function of the committee, namely — to contract new members and to acquaint new businessmen to the area with the comprehensive job being accomplished by the Chamber to attract more and more tourists to the area and to keep Palm Springs attractive for attractive people.

A SPECIAL WELCOME folder, briefly explaining the Chamber's mission and welcoming new businessmen to the area, will be prepared under Cooper's direction and distributed with the city's cooperation at the time new business licenses are issued. Also, the brochure will be distributed by all banking and loan institutions in the Village.

A special committee composed of members in the same or allied business will be established to follow-up the "welcome folder" with a personal visit to new businessmen and invite them to join the chamber and further acquaint them with Chamber activities.

A SERIES OF small hosted non-member luncheons with key members of the committee and members of the Chamber staff will be instituted to encourage current non-members to join the Chamber and to point out the need of everyone's support in a community that is 100 per cent dependent upon the tourist dollar.

The practice of making Chamber staff members available to service clubs and other organizations to speak on "The Importance of the Chamber's Activities," will continue.

Samson pointed out to the committee that it was not the intent to make this one-shot venture but rather a continuing program during the summer with an accelerated program in the fall.

All committee members and sub-chairmen will report in detail to the general chairman at the next meeting, scheduled in the director's room at the Chamber at 8 a.m., May 26.

### Dear Abby... by Abigail VanBuren

DEAR ABBY: My daughter Millie, who is 16, has been running around with a fellow who is 24. Now I find she's pregnant. He says he can't marry her because he can't support himself much less a wife. Can we force him to marry her?

I suppose I should tell you that when Millie was 15 she went out with an older man who got her drunk and got her in trouble. We were unable to get any help from the police in finding him because Millie wasn't sure of his name.

Should we try to force this second fellow to marry her? I can't raise another one of her mistakes.

DEAR MOTHER: You can't force a man to marry anyone.

But he does have obligations toward the support of the child. Furthermore, a man who must be dragged by the neck to the altar would make anything but a desirable husband. How about Millie's moral behavior, Mother? Ask your clergyman or Family Service Association for help in getting your daughter back on the right track. She needs guidance, strength and supervision.

CONFIDENTIAL TO "IN LOVE WITH A MAN WHO HAS TWO HEARTS": He wants to have his cake and eat it, too. He hasn't "two hearts" — he has two hats: One to wear and one to talk through.

## ELECTRONIC GRASSHOPPERS

### A GROWING LINE OF MODERN COMMUNICATIONS

Grasshoppers in your telephone! Well, not quite. But without these mechanical fuses, modern telephone service would be impossible. They serve as electronic detectives which aid our engineers in arresting and correcting mechanical failures almost before they begin. They're called "grasshopper" fuses because of their appearance and animated operation. When a failure occurs, they set off an alarm system to attract attention and then spring back in an open position so that the engineer can see where the trouble is. Grasshopper fuses cut maintenance costs and, at the same time, help to assure uninterrupted, economical telephone service for you.

## From Peace to War

WASHINGTON, D. C. — Suddenly, over the last weekend of the West Virginia primary elections, the political "game" of 1960 became a dead serious business of a nation on the verge of war.

Everybody will remember where he was, and what he was doing, when great events of history broke upon him. When the news developed of the shooting down of an American U2 aircraft over Russia, I was part of an air-borne press group that was following Senator Lyndon Johnson on a two-day, three-State campaign jog.

NO BETTER opportunity, I think, could be given a man to observe the terrible, swift and fateful transition which a nation is often asked to make from everyday affairs to the great test of mortal combat.

On Friday night at East Liverpool, Ohio, Johnson gave the greatest performance of a partisan rally-round that I have ever witnessed. With superb showmanship, acting with complete sympathy and mastery of 1,400 Democrats in a high school gymnasium, Johnson played up on the audience as if it were an instrument. His jokes crackled, his Texas-dialect stories came off like political parables, his rhetoric was impressive, his bombast was like the boom of a circus parade bass drum.

TO BE SURE, THE Majority Leader made some due reference to the shot-down U2—but we only had fragments of the story then. The next morning, in Pittsburgh, he was more somber as he mentioned the incident at a press conference. That evening, when we reached Clarksburg, West Virginia for another rally, Johnson gave a statement

which began: "There is no doubt that serious international crisis is in the making." Then he trooped along to the Masonic Hall for what was expected to be a repeat performance of the previous night's show.

But it refused to come off. The same speaker told the same yarns, delivered the same rhetorical and bombastic slogans—but the atmosphere was changed. Politics had changed. The game had gone serious.

SO IT SEEMED, at least, to this reporter. Looking out over the Clarksburg audience, one saw well-washed, good-natured, kindly townsfolk. They had come in part, to be entertained with the supper and speeches and, in a slightly more serious mood, to exercise the judgment of the numerous candidates and celebrities who were present.

But it was a shivering experience to look into the faces of and wonder if they really knew—or if they really wanted—to ask if they really wanted to know—the true matters at issue for their country. Or did they prefer to be entertained and treated to strain battles without bloodshed and pain?

SENATOR HUBERT Humphrey—the man who has been shimmering in the glamour of "food-for-peace" and "disarmament"—was one of the speakers. Ex-Congressman F. D. Roosevelt, Jr., was the stand-in for Senator Jack Kennedy—who for weeks has been asking people to forget his Catholicism and to take him seriously as a man capable to "sit down" with Khrushchev.

Both West Virginia Senators, Robert Byrd and Jennings Randolph, were presented as men

who "got things done" in Washington for their State. Johnson, the main speaker, drew the contrast between his party—"interested in people"—and the GOP—"interested only in statistics".

WELL, THESE ARE all very phony and petty matters when you stop and think what our political leaders ought to be telling our people. We are in a position when war with Russia may become the only alternative to some sort of disguised surrender. We are probably not armed to win this war at present.

We may be in for a period of fighting and rearming at the same time. This would call for a complete change of the "comfort-first" attitude which is the hallmark of our civilization. We are in a struggle, and possibly not very far from some form of shooting war, in which we do not have one—not one—major fighting ally.

WE ARE SURROUNDED and outnumbered to such an extent that only by turning our industrial structure into a virtual war machine can we hope to establish ourselves to live dangerously in a new kind of stockade life.

These are the realities. Whether the candidates of 1960 will admit to them is something else. It is gruesome to preach "peace", asinine to talk "disarmament", ridiculous to luxuriate in relative trivialities such as "benefits" for voter blocs and arguments over the true way to worship God.

Do we have leaders who themselves know that the "game" is over, and who are willing to take this hard message to the people? If so—who are they? They are sorely needed.

## Alf Landon on Politics

WASHINGTON (UP) — A good and long time friend of mine will contribute to this column. His name is Alf M. Landon of Kansas.

For those who came in late, Alf M. Landon was the Republican nominee for President of the United States just 24 years ago.

For those who are not quick with arithmetic, the year was 1936.

THAT WAS THE year FDR's New Deal was born, the big Roosevelt year. The Democratic theme song in 1936 was "Happy Days Are Here Again," and so it seemed. The voters ganged up on Alf M. Landon. He took it like a man.

James A. Farley managed FDR's 1936 presidential campaign. In Landon's corner was John D. M. Hamilton. It wasn't fair. Farley touted up his estimates a few days before the polling.

"Roosevelt," said Big Jim, "will carry every state except Maine and Vermont," and he did.

LANDON WAS 49 years old when he ran for President. Today he is in his 73rd year, a man of considerable wealth, large experience and a great

capacity for friendship. His hobby is politics. So I asked Alf Landon the other day what he thought about the presidential primary system which now is being put to its usual tests.

"I have always believed," Landon replied, "in the primary system. Of course, the advent of radio and TV and the increasing cost of newspaper advertising create a problem in the amount of money required. But I have never yet known money to win a primary or an election. The average voter will have more to say in the primary than under any other system yet devised for party nominations.

I ASKED LANDON if he thought Gov. Nelson A. Rockefeller was entirely out of the 1960 Republican and vice presidential scene.

"I believe he is entirely out of the presidential picture," Landon replied. "Fred A. Seaton (secretary of interior), on his record as a state senator (Nebraska), U. S. senator, executive assistant to the President and secretary of interior, is amply qualified not only for vice president, but, in the event of tragedy, to be President.

"Fred's Middle Western background would help the Republican ticket where it needs strength.

thens. On his ability, his character, his public policies and his effectiveness as a campaigner, Fred fills every requirement from the point of view both as a candidate and for the office, itself."

THE NEXT QUESTION was about Secretary of Agriculture Ezra T. Benson.

Landon proved to be a Midwesterner who does not seek Benson's scalp.

"I think Secretary Benson is doing a good job," Landon replied. "He is trying to bring order out of chaos. He inherited the chaos from farm legislation written during the past 26 years, primarily with an eye to the next election."

LANDON WAS nominated for President in 1936 because he had been elected and re-elected governor in the two previous years of Democratic triumphs, 1932 and 1934. Kansas used to be a Republican fortress. Democrats now hold three of the six Kansas seats in the House of Representatives. I asked Landon what had happened to Kansas.

He said Kansas Republicans had been fighting labor instead of fighting Democrats.

## Letters to the Editor

Editor  
The Desert Sun

We have been coming to Palm Springs for several years (by we — I mean four families of us), and all agreed that this year's Desert Circus was the worst you have ever had here — it was well planned as far as that went, but in the article in The Desert Sun, April 25, I agree, the Kangaroo Court should be held on a street corner as they do during Helderado Week in Las Vegas — also the street dances.

This last circus was far too exclusive. Most people come to participate and do not have money to spend on cocktails, etc.

in places like Chi Chi — they bring their children, some have a baby in their arms — this closed and exclusive affair is not a community get-together as it was years ago — I hope most sincerely that the next Desert Circus will be for tourists and families, not for celebrities.

Thank you for your interest in writing this article, it shows the true spirit of what the celebration should mean to this growing community.

Sincerely,

Orville C. F. Forsythe  
1111 State Street  
Lynwood, California  
He even has drawn a sort of wobbly plan for it, laying out main lines, sidings, spurs, a Wye and switches.

AT THE RIGHT, information on how to improve the Breed. Hollywood Park opened Wednesday, you know. They apparently are not too accurate.

Another sheaf of papers on the floor has to do with model railroads.

When he finally does retire he vows he will build one that will be the best in the Southland.

Said triumphantly the other day: "I've figured that I can put 16 scale miles of line in the basement!"

Only trouble with that is — we have no basement.

By Phat

(Today's Column is from the typewriter of Mrs. G., battling for Phat, the Pride of the Class One Railroads of America.)

It's Jinx Day again, The day and date when I'm stuck. Phat's fingers crossed tight So I have to write This truck.

That sounds pretty good even if I do say to myself.

FOR THE BENEFIT of those who just came in, every time that the day, Friday, 13th date, the 13th, are in conjunction, the nominal head of the household, who is a superstitious character, keeps his fingers crossed all day and says he cannot operate a typewriter in that condition.

(Note, in this case "nominal" means "in name only.")

Thank Goodness, this year there is only one combination of Friday and 13. That is today. Last year there were three.

SO THIS YEAR I will be able to reserve that lady-like portable of mine for worthwhile correspondence instead of slaving over this Sides for which I receive no recompense, not even a new typewriter ribbon.

Phat's always struggling over an expense account, resisting that urge and thus keeping it fairly honest.

I think I shall send in an account to Kenneth O. Brott, business manager of The Desert Sun:

"Typewriter ribbons from 1941 to 1960 . . . \$38.75."

That's a good a guess as some of his items.

"DON'T WORRY about spaces between the takes" (take being what he calls two or three inches of type, I don't know why. He tried to explain it to me 'ut I said: "You run your newspaper, I'll run the house and you."

"And don't worry about bold face capital letters. Just don't write more than 600 words. I'll edit the thing and cut it down to size if too long," he added.

So here goes.

BACK TO THE CALENDAR. I don't have to look at it to see what time of the year this happens to be. I just look at the desk in my combination office, den, lounge, and bedroom. There are four stacks of papers.

At the left, railroad timetables and travel folders.

In the middle, an untidy stack of notes on papers, the inside of match folders, bar checks, paper napkins and other tissue.

AT THE RIGHT, information on how to improve the Breed. Hollywood Park opened Wednesday, you know. They apparently are not too accurate.

Another sheaf of papers on the floor has to do with model railroads.

When he finally does retire he vows he will build one that will be the best in the Southland.

## STAN DELAPLANE:

## Sooth to Say

The concrete superhighway runs 385 hot desert miles from Phoenix to Los Angeles.

It is not an unpleasant drive — if you don't try it in the middle of summer. Even now it was 91 degrees (said the Palm Springs radio, offering as an afterthought "choice lots in the enchanted desert").

WHERE THE Colorado river makes a green border between Arizona and California the two States have set up rival inspection stations. A sort of Honey Curtain.

"Any honey, fruit, nuts or plants?" asked the California inspector. He was dressed in a natty uniform with a shoulder flash of the State Agriculture Department.

WE SAID NO. He took a quick peek into the trunk of the car and handed us a slip of paper. It thanked me for my courtesy. It said various insects are bad for California. Therefore, don't bring any in.

Just to be sure, I drove back across the river and stopped under the Arizona inspection sheds.

"Any honey, fruit, nuts or plants?" I said no again. The Arizona people then advised me not to bring any bugs into THEIR State.

I CAN RECALL when this curious custom began. Not too many years ago, California put up the first inspection stations. They looked like fruit-packing sheds (today the stations are models of architectural beauty).

I think this made Arizona mad. It was like asking my neighbor to go through a fumigating process before coming to call.

PRETTY SOON Arizona put up stations of their own. They began inspecting incoming Californians. The whole thing was pretty cool in those days. Inspectors on both sides looked at you suspiciously. As though you were smuggling an orange in your foxy pocket.

Now the inspections are so cordial you would think they were an outpost for the Chamber of Commerce.

THE RIVALRY IS to be the most polite; to have the biggest most beautiful inspection palace. I must say it is a pleasure to go through these shady portals. Especially on a hot day.

Since this will draw a stiff letter from Arizona and California, let us put in a quick disclaimer:

ARIZONA DOES NOT have any inspection at the Eastern border.

And millions of people fly into California, with no peek at the luggage.

Besides that, I LIKE both inspection stations. It gives you a chance to get out and stretch your legs.

THERE IS NO point in bringing honey, fruit, nuts or plants into either State. All along the highway in both you can buy all you want.

This is the land of the roadside stand. "Honey! Fruit! Nuts! Plants! Cactus! Redwood Burls! Fresh - Squeezed Orange Juice!" It is also the land of the wandering highway.

NO SOONER DO the stands build up with all these products but the highway engineers move the highway a hundred yards away.

Thousand Palms, where we used to stop for stuffed dates, now lies far off the main stream. A hopeful sign pointed to: "Roadside Business, Fresh dates and Astrology."

Just for old times' sake, we went over and bought some dates.

THE LADY SAID the new highway had certainly cut down the date business.

She also said I had a Pisces ear — "even if it isn't your Sun sign, honey, you must have a lot of planets in Pisces."

She said Pisces people were fine folks. Because of the way the planets are this year, I should be careful of shady activities.

"Like smuggling, honey," she said. "Did you know that nearly all smugglers are Pisces? They are."

## MIKE CONNOLLY:

## Learning from Dinah

HOLLYWOOD — Hollywood's Academy Award giver-outers, including most of the top Tinseltown citizens responsible for making our movies, are learning plenty about the awarding racket from TV's Dinah Shore. They are considering modeling the 1961 Oscarcast after the Friars' Club banquet honoring Dinah for her contributions to show business (only other woman so honored by the Friars so far: Sophie Tucker).

The Friars speeded up their Shore show, and our Oscarcast NEEDS a speedup, by using two stages: one for singers and comedians, the other for speech-makers, including Miss Shore.

NANCY SINATRA, SR., broke down and cried her heart out at the preview of ex-husband Frank's pre-taped Elvis Presley special. The show beams tonight (May 12). You'll see why Nancy Sr. sobbed when you see it. . . . Aw shucks, I'll tell you now: it's when Nancy Sinatra Jr. and her daddy duet "You Make Me Feel So Young" and Frankie changes that last word of the song to "OLD."

Tuesday Weld walked this at a young star who asked her to be his date at the Los Angeles opening of "IceCapades," and then told her they would get their pictures in the paper if she accepted his invitation: "I don't LIKE the 'IceCapades.' I don't like ANYTHING — but especially YOU!"

HEY, TUESDAY, you must like something — like dancing barefoot with Elvis at the Beverly Wilshire? . . . Still on the subject, Sir Swivelhips kicked his shoes off between takes on the set of "GI Blues" at Paramount and demonstrated to the crew his prowess in something he learned in the Army: Judo.

And, still on the subject of Sinatra, I hear the auto manufacturer who planned sponsoring Frank's six ABC specials for the 1960-61 season decided against it NOT because of the "political aspects" of Sinatra's business tie-up with Sen. Jack Kennedy's brother-in-law, Pete Lawford, but because they're fearful of public reaction to Frank's "forced" firing of Albert Maltz as scripter of "The Execution of Private Sivkov."

PATTER FROM singer Clyde McPhatter: "Why should nightclubbers be burdened with an amusement tax? What's so amusing about a hangover?"

Randolph Scott, after 16 years of making big money — making Westerns for Columbia Pictures, is bowing out of the racket.

Harry Joe Brown, Scott's producer and co-partner, tells me why: "We are dissolving our company because television's Westerns have wrecked our market in theatres."

Marilyn Monroe, on the "Let's Make Love" soundtrack at Fox: "I don't wear a girdle. I'm a great believer in the old jingle, 'Men don't jump hurdles for girls who wear girdles.'"

PRODUCER BOB Wise screened Marion Brando's old buddy & -lookalike, Bert Reynolds of TV's Riverboat, for a role in the movie version of "West Side Story." Brando himself has been counted out, though originally considered for the picture about teen-age "rumblers" in New York. Reason: "Too old."

Cantinflas, out of gas on the

Sunset Strip, spent his time waiting for the tow truck in the haberdashery facing the spot where his car was stuck. When he emerged 45 minutes later it was with an armload of Christmas gifts, plus presents for the cast and crew on the final day of shooting for his movie, "Pepe" — PLUS a receipt for \$7,800 CASH. The man who runs the men's wear shop wishes the Mexican star would run out of gas every day.

Nick Adams added it up: "A guy's arithmetic depends largely on a gal's geography."

IF YOU SEE "The Unforgiven" and fail to figure out what John Saxon is doing in the picture, don't blame him. His most solid love scenes with Audrey Hepburn landed on the cutting room floor. Strictly a case of a supporting player being such a GOOD actor he makes the stars look BAD. Stars, of course, being Miss Hepburn, turning in one of her worst acting jobs and Bert Lancaster.

The late Errol Flynn would have been pleased with the best-selling status of his life story, "My Wicked, Wicked Ways," but he would have hated the title. Flynn told me he wanted to call the book "In Like Me."

GWEN VERDON on the phone (dagnabbit, why didn't I think to tape — record this delightful doll's delicious dialogue): "I'm sorry about your devoted septum but I've had a busted bone in my nose for years too. I'm not getting it fixed at this late date. I might come out of the operation looking like Lana Turner. It's too late for that. Why couldn't I have looked like her when I was POOR?"

Miss Verdon's press agent is named Mario Trombone. After waiting around to see that Gwen got a good publicity blast for her operation in "Redhead" at the LA Philharmonic, he flew back to New York to marry the Baroness Ilse Von Karger.

Actor discussing his agent: "He's really not ALL bad — some of him is miserable!"

## QUOTES

## AFTER SUN-SET Cabazon Gets the Treatment

By GEORGE LAINE  
Unless you drive by way of Hemet - Idyllwild - Palm Desert to get to the Village, you gotta come through Cabazon.

So most people come through Cabazon.  
THE BONAIREs, now billed with Paul Gilbert and Carole King in the Chi Chi's Starlite Room, were no different from anyone else — they came through Cabazon.  
They were different in one respect. Through a situation that has given Riverside County's smallest incorporated city a sometimes sordid, often incredible reputation, the Bonaire saw humor.

They saw it in the "gambling" lure set up on the northern reaches of the Desert Empire in an attempt to lure Palm Springs' moneyed citizenry, in the not - so - cleverly contrived "speed traps" with one or both of Cabazon's two police cars parked cutely behind billboards, in the comparison of cruising Cadillacs on the highway and parked freight trains on Cabazon's sidings.

SO TOM POWERS, leader of the foursome, and George Shaw, illustrator, bon vivant and press agent par excellence, wrote their reactions into a song.

One day, as they shifted down to get below the 45-mph. maximum on Cabazon's "Ticket Strip," Powers remarked:

"Oh to be in Cabazon now that spring is here."

"That'd be a great title for a song," quipped Shaw, mostly in jest.

"You're right," exuberated Powers. "Let's write it."

Shaw got serious on the spot and the pair started throwing lyrics together as they whisked by the scales, past Whitewater and Oasis and into the Village.

"IT WAS RIDICULOUSLY simple," the 36 - year - old Powers said yesterday. "There was so much available material from which to pick that we actually had more trouble deciding what to leave out than we did with what to leave in."

Included in their lyric are references to the tongue - in - cheekish "news" coverage of the town in Time Magazine last year, a rap at the speed trap, a jest about heavily - furred dowagers stopping traffic as they sidled across Highway 60-70-90 and — well, there's a capsule look at Cabazon provided in the first hearing of the tune.

THE QUARTET — besides Powers there is 26 - year - old Alan Scott, 28 - year - old Mike Campbell and 32 - year - old Pat Dougherty — is unanimous about this new specialty tune: They all love to perform it.

"It gives us a chance to let off steam," said Dougherty. "We sing so lightly on everything else that when we come to 'Cabazon' we just relax. We can be off key on this and it helps rather than hurts the presentation."

"You can't be too ridiculous with something like this," agreed Campbell.

THE GROUP GOES into a number of side antics in their presentation of the specialty, all part of the Bonaire flair for production.

"We figure that throwing playing cards around, awarding hot dogs to the audience and that sort of thing livens up proceedings," said Scott. "The people all seem to enjoy it."

"All except the Cabazon contingent," winked Powers. "I doubt if 'Oh to Be in Cabazon' is ever going to be voted their official city song."

"AND A PINCH OF SALT?" queries Everett (Bunky) Bunker of Gurli Gilbert at Edna Sheklow and Edith Bunker look on. Bunky's going to need more than a pinch of salt for the foodstuffs being prepared by the Food Committee of the Friends of the Ferralls Playhouse at Deep Well.

VILLAGE PAINTER Virginia De Tavernier, who lives in Banning now, puts the wraps on two of her paintings which were purchased by Palm Springs winter resident James S. Kemper, president of the Kemper Insurance Company. Both of the paintings—she calls them simply "Mother and Child" and "Girl"—were directed to Kemper's Chicago offices.

## Strickland Band Will Play for Trailer Rally

Arrangements for two days of ballroom dancing will include the Strickland Orchestra during the Palm Springs Trailer Rally Association event Oct. 21-22-23 at the Sahara Park.

Ward and Lillie Strickland are formerly of Compton where Ward was a linotype operator on the Huntington Park Signal.

THE ORCHESTRA was organized in Compton and played there for 11 years in the 100F hall before coming to the desert. Here they have been playing for the Palm Springs area parks during the past 13 years.

Living in Rancho Park until recently when they purchased a winter home across the street from Skyridge Park, rumors have it that Lillie wanted a new piano so she and Ward could practice after playing for the dances six nights a week.

MYRTH HOFFMAN, pianist, has been a member of the orchestra for the past seven years and formerly lived in Portland but now calls Tramview Park his home.

The association is very happy in having Sahara Park as host the ballroom dances and with Strickland's Orchestra furnishing the music for the waltzes, the publicity department discloses.

## County Revises Classification Of Campsites

Of the 352 campsites at Hurkey Creek county park 125 will be set aside for seasonal use, for periods of longer than the usual 21-day limitation to which the remaining sites will be subject. The seasonal dedication was requested this week by Edward H. Walker. Walker likened the stampede for choice locations to the "old Oklahoma gold rush." He said designation of sites for the longer period use would leave some of the more choice sites for those who can only stay for a shorter period.

## GARDENING

### Succulents In Varied Choices

In the growing of succulents Mr. Amateur Gardener will find a vast field from which to choose. Some succulents of differing types are raised in pots but we have concluded that succulents thrive best in the ground. They can be raised from whole leaves, divisions, stem cuttings, seed, and offshoots of a parent plant.

Grown succulents that form clumps may be divided. Before putting the clumps in new soil it is best to let them dry out, after which they should be planted six inches apart and level with the surrounding soil. Succulents are by no means fussy, actually they thrive in soil where more finicky plants would wilt away.

**INCLUDED UNDER** the name of succulents are such curious plants as Mexican Sedum, Desert Cactus, Aloe, Hens and Chickens, Haworthias, Echeveria Elegans, Agave, Barrel Cactus and so on.

Today there are many species that go under the name of Natal Plum, some of which—in addition to the abundance of green leaves—produce waxy white flowers and dark red fruit. One fruit-growing species, Rockcliff by name, will attain 10 feet in height if not pruned to the desired height.

**FOR USE HERE** in our desert a species termed Horizontalis would in our opinion be best for local use. Its green leaves are profuse and brighter and a plentifulness of flowers complete the picture. When buying any of these plants keep in mind the spread of all the Natal Plums, the Tuttlei may reach 60 inches, Horizontalis 18 to 24 inches and Minima 24 inches although its flowers and leaves are smaller by comparison with the others.

It would be unwise to plant any of these Natal Plums in full sunshine. In fact a northern exposure that gives it early morning sunshine would be ideal. It is by no means difficult to raise in our desert as many houses and buildings in the desert will show. If in good soil and shade we have found once a week sufficient irrigation after its first year of growth.

**WITH THE MIDDLE** of May not yet with us it is heartbreaking to see the number of lawns that are already burning up, most of them being our usual rye grass. This could at least have lasted until the middle of June if the soil was dug up, scraped and deeply fertilized at least two weeks before the seed was planted.

On its own the sand contains very little plant life, irrigation is not its only need; once a month a meal of either a good liquid fertilizer or one of the many lawn granules carried by our local nurserymen would at least have given the owner of the lawn an extra month of green grass.

If the lawn had been pestered by sod worms and other pests wetted D.D.T., Chlordane or other insecticides might have been the answer. Let's hope next year will give us a different picture entirely. —T. G. M.

## HUGE SKY HARBOR PROJECT OPENED

Opening of a fifty-million dollar exclusive community development, Sky Harbor adjoining the famed Joshua Tree National Monument in Yucca Valley and just 27 miles from Palm Springs, has been announced by Mrs. Elsinore Machris.

The 2,000 acre tract is offering fully improved one or more acre view lots for homes to be architecturally approved and of a size

not less than 1,300 square feet. A modern airport, golf course, bridge trails, water and power, and fully paved roads have already been installed. A complete shopping center plus a modern resort hotel are being planned.

Mrs. Machris chose the high desert site for the development because of its climate which has a mean temperature of 85 degrees. The area is famous for its fresh healing air and has long been a mecca for persons seeking a healthful climate.

Vice president in charge of sales of the development is John Haskell, former president of the Beverly Hills Realty Board with offices in Los Angeles.

## County-Cities Wage Study Is Proposed

A proposal by Supervisor Paul Anderson that the board have the administrative officer and personnel director work with cities in the county and with school authorities to make a joint wage survey each year, providing a common basis on salary problems, was approved this week by a four to one vote with Supervisor Fred McCall dissenting.

Anderson said that as it is now, the cities, schools and county make separate surveys. With just one survey, industrialists would have only one request in place of the annoyance of several inquiries, and a duplication of effort would be avoided for the benefit of each governmental agency.

# Board Approves Area Permits

Two permits were granted by the Board of Supervisors this week on recommendation of the planning commission, one to Lee D. Mead of Santa Fe Springs to establish a new and used building material yard between Highway 60 and McKinley Drive west of Florence Boulevard in the Blythe area, and one to Fannie M. Roy of Palm Springs to establish and operate a trailer park on property about one-fourth mile south of Highway 60-70-99 and approximately a mile east of Twentynine Palms Road in the Garnet area.

Denied on planning commission recommendation was a permit to Leon Van Benthuyzen of Desert Hot Springs for establishment of an automobile wrecking yard on property north of Pierson Boulevard and east of Indian Avenue

in the Desert Hot Springs area.

**AN APPEAL BY** Matthew McLucas on denial of a permit to establish and operate an auto wrecking yard on his property on the west side of Intake Boulevard north of Hobsonway East near Blythe was denied.

On planning commission recommendation the board disapproved a Record of Survey for property on the south side of 40th Avenue between Jefferson and Adams northwest of Indio as being in the area subject to flood hazard. The development was planned by Russell C. Davis of Indio.

**RECEIVED AND** filed were two planning commission action reports. One was on approval of a variance to Jack J. London of Newport Beach for reduction of lot size from five acres to one acre on which he plans to build a residence. The property is on Cougar Trail about a half mile east of the Palms to Pines Highway.

The other report was on approval of an application by the Coachella Valley Telephone Co. for a permit to construct a 50 by 78-foot addition to its Palm Desert building on Alessandro Drive between San Juan and San Luis Rey Avenues and to provide a parking lot.

## Council to Back Cal-Vet Home Bonds Bill

Palm Springs City Council this week in a unanimous resolution supported the Cal-Vet Farm and Home program — Veterans Bond Act of 1960, which will be on the June 7 Primary ballot.

The bond act, if passed by the voters at the primary election, will be for a total of \$400,000,000, and will be a part of the 29-year-old state program of loaning its credit in the sum of \$1,435,000,000 to enable California Veterans to finance homes and farms on a small - payment, low cost plan.

The Department of Veterans Affairs has administered this program that all payments due on these bond issues and all costs of administration has been paid without the use of one cent of tax money, while creating substantial reserve.

Funds previously approved by the people of California are now depleted and veteran groups are backing the new proposition.

In the resolution the council is endorsing Proposition No. 1 on the June 7 ballot.

## Western Hotel Show to Begin In L.A. Sunday

**CACTUS, PALMS AND ROCKS** depict a beautiful desert scene. Mrs. Ora Lee Yerger, wife of Major William P. Yerger, Twentynine Palms Marine Corps Base Maintenance Officer, right, was responsible for turning many sandy, barren areas

## WIFE OF MARINE AIDS BASE BEAUTY

**TWENTYNINE PALMS** — Turning barren desert land into beautifully landscaped scenes poses little problem to Mrs. Ora Lee Yerger, wife of Major William P. Yerger, Twentynine Palms Marine Corps Base Maintenance Officer.

Evidence of this can be seen by simply driving through the Main Gate of Marine Corps Base, Twentynine Palms.

"THIS IS A sample of large scale formal landscaping," said Mrs. Yerger. "Every rock and plant has a special place. Both sides of the gate area are the same, with the large plant - rock bed sweeping down the middle. This is in direct contrast to informal landscaping which does not present a full scope of the land. Informal landscaping consists of placing a plant here a rock there and so forth. No actual plan or design is made and it does not follow the contour of the land as does formal landscaping. Choosing one or the other is strictly a matter of taste, however."

MRS. YERGER first became interested in landscaping while living in Norfolk, Va. She began with self - study and later worked with the Winn Nursery there. She also studied with Mr. Mattson, an expert at formal landscaping and a graduate of the famous Kew Gardens in England.

"Actual work on the Main Gate took three weeks, but much more planning went into it beforehand," said Mrs. Yerger.

**FIRST SKETCHES** were drawn on possible landscaping scenes. When one was selected, a plan was drawn, much like a blue print. The next step was to select plants and rocks which would be used in the actual landscaping. They were then given numbers and were drawn, by number, on the "blue print."

When all planning and numbering was completed the actual work on the area to be landscaped, in this case the Main Gate, began. Sections of the area were built up, as much as three

feet in places, to present a contour effect.

**NEXT THE LARGE** rocks, many weighing from nine to 12 tons, were placed by use of cranes and other heavy equipment. The large palm trees were also placed at this time. Many of the taller trees, like those used on the Base, weigh as much as six tons each.

With the larger rocks and trees in place, the job of placing the smaller cactus and plants began. Following through with formal landscaping, these plants form a particular pattern.

**THE NEXT STEP**, placing the crushed rock, completed the job. The crushed rock used at the Main Gate is of natural color.

Further samples of Mrs. Yerger's work can be seen at the patio area of the Commissioned Officers Mess and at General and Staff quarters one and two, The Main Gate and other areas completed are illuminated at night presenting a dramatic effect of the desert scenes.

Mrs. Yerger also landscaped her own home, which is often used as a model for landscaping enthusiasts, in Twentynine Palms.

**WHEN ASKED ABOUT** future plans, Mrs. Yerger said that her next projects are the Base Theater and the Catholic Chapel. While the Protestant Chapel is landscaped with grass and green plants, the Catholic Chapel will depict a desert scene, using crushed rock and cactus plants.

All actual work on the landscaping projects is done by the Base Maintenance section, under the supervision of Mrs. Yerger.

Working as a volunteer, Mrs. Yerger's professional talents have added much beauty to an otherwise barren land.

## State Board Urges Check of Pool Lighting

With spring here, and warmer weather enhancing the lure of the swimming pool, Thomas N. Saunders, chief of the State Division of Industrial Safety, Department of Industrial Relations, reminded swimming pool owners and operators of the need to make certain that pool lighting systems are kept in good working order.

**STRESSING THAT** proper maintenance by qualified electricians is essential, Saunders listed some points that must not be overlooked.

1. Check for the proper size of fuse or circuit breaker in the branch circuit supplying current to pool lights.

2. Check that the wattage of lamps is not larger than recommended for the underwater fixture.

3. **INSPECT UNDERWATER** lights for moisture. If water is found inside a lighting fixture, the fixture should be immediately removed from the pool and disassembled, with each part dried and all corrosion removed, and all defective parts and seals replaced.

4. Check pool side junction boxes for the presence of water. If they contain water, they should be dried, because the inside of junction boxes should be dry at all times. Seals in conduits and box covers should be replaced if necessary.

5. Check the electrical wiring system supplying the pool, and test each fixture for effective and proper grounding of exposed metal parts, with any needed repairs made in accordance with California's Electrical Safety Orders.

## Sound Assured No Duplication Of Current Use

**Special to The Desert Sun**  
**WASHINGTON** — Congressman D. S. Saund has been assured that funds budgeted for military construction at the Army's Yuma Test Station in fiscal 1961 will not be used to duplicate existing facilities at the El Centro Naval Landing Field.

This was announced today by Saund on the basis of testimony presented to the Military Construction Subcommittee of the House Appropriations Committee by Major General Lyle E. Seeman, Director of Installations of the Department of the Army. The printed text of hearings was released by the Subcommittee.

Congressman Saund appeared before the subcommittee on May 3 to oppose any request for funds by the Army for construction of facilities which would duplicate existing facilities at El Centro now used for the testing of parachutes and other aerial delivery techniques. The Army had requested an appropriation of \$137,000 to erect a quartermaster test building and a fire and crash station at the Arizona test base.

fact that you must concentrate to detect the sound of a 1960 Cadillac—except, of course, for the gentle whisper of the wind and the soft hum of the tires on the pavement. Your authorized Cadillac dealer invites you to try this unique driving experience.

## Holland, Grant to Meet in British Amateur Tourney

**ST. ANDREWS, Scotland** — (UPI) — The first round of the 1960 British Amateur golf championship will feature an interesting all-American match between Tim Holland of Rockville Centre, N.Y., and Peter Grant of Phoenix, Ariz.

Both men are regular competitors in the tournament, which will be played this year at Portrush, Northern Ireland, May 23-25. Holland, in fact, was a semifinalist in the 1958 championship.

In the official draw made Thursday at the Royal and Ancient Club, Holland and Grant were placed in the top quarter of the field with British Walker Cuppers Joe Carr and Mike Bonnalack. Carr is a two-time winner of the tournament.

Deane Berman of Bethesda, Md., the 1959 champion, will not be back to defend his title because of his studies at the University of Maryland. However, 18 other Americans, in addition to Holland and Grant, were entered in the 183-man field.

## Philly Purchased By San Francisco

**SAN FRANCISCO** (UPI) — Dave Philley, veteran first baseman and outfielder, stayed behind with the San Francisco Giants today when Philadelphia left town after three straight defeats.

## Powell Joins Third Big League Team

**CLEVELAND, Ohio** (UPI) — Utility player Johnny Powers moved to his third major league team in five months today after being obtained by the Cleveland Indians.

## Smith, Rougley in CIF Prelims at El Rancho High

Coach Don Smith of the Palm Springs High track and field team takes two of his runners to El Rancho High in Whittier tomorrow for California Interscholastic Federation preliminaries for the state championship.

Bill Smith, sprinter and broad jumper, who won three events in the Desert Valley League finals, and Jim Rougley, quarter-miler, who ran a speedy 440 in 50.6s in the same meet, will represent the Indians.

Smith qualified for the 100, 220 and broad jump at Indio and Rougley in the quarter.

## Predict Records To Fall May 30 At Indianapolis

**INDIANAPOLIS** (UPI) — Drivers and officials predicted today that speed records will be smashed when qualifications for the 500-mile Memorial Day auto race open Saturday.

With a promise of a generally fair and warmer weekend, activities at the sprawling racing plant in suburban Speedway City mushroomed to a fever pitch as drivers and mechanics toiled virtually around the clock to get set for the time trials.

At least eight hot pilots, all veterans of the famous "500 brickyard," were picked for the coveted pole position which goes to the fastest first-day qualifier.

They included little Johnny Thomson, last year's pole sitter; two-time national driving champion Tony Bettenhausen, brothers Jim and Dick Rathmann, defending "500" titlist Roger Ward, Eddie Sachs, comeback-bound Chuck Stevenson and Troy Ruttman, another former "500" winner.

Although weather conditions were not expected to be ideal, the experts agreed that the one-lap record of 146.532 miles per hour by Thomson last year and the four-lap mark of 145.974 m.p.h. by Dick Rathmann in 1958 will go by the boards.

## Liberal Lady 3-1 Favorite Today at Hollywood Park

**INGLEWOOD** (UPI) — Liberal Lady was a 3-1 favorite today as she and nine others went postward in the six-furlong \$10,000 feature at Hollywood Park.

Other horses entered in the seventh race, The Riverside, included Love In View, Nushie, Sweet June, Midnight Date, Sue III, Gun Box, Social Event, Boullabaisse, Honey Pie and Kentucky Doll.

Little Moon took a 2 1/2 length victory Thursday in the \$10,000 feature and paid \$13.40 for the 1:09.2 romp. Dotted Swiss was second and Find, a spry 11-year-old, was third.

## MAXWELL LEADING IN COLONIAL PLAY

**FORT WORTH, Tex.** (UPI) — Title-starved Billy Maxwell, who pockets plenty of folding money on the four each year but who hasn't won a crown in two years, led the Colonial National Invitation golf tournament field into the second round today with a one-stroke edge.

The chunky, unassuming 30-year-old Texan, who plays out of Oceanside, Calif., fired a three-under-par 32-33-67 Thursday to nose out little Jerry Barber of Los Angeles, the Tournament of Champions titlist, who had 35-33-68.

BOTH HAD TO turn in a sterling golf shot on the final hole to crowd in ahead of seven rivals who also managed to conquer Colonial Country Club's rugged 7,014-yard, river-lined par 35-35-70 layout.

Maxwell, who learned his short iron game in the sand dunes of West Texas, needed that back-ground Thursday when his second shot caught a trap on the 18th. He pulled out his trusty Texas wedge, blasted to within four feet and ran it home for the stroke edge.

Barber had just finished and had a fine 68 on the board thanks to a 60-foot chip-in from off the green on the final hole.

While Maxwell and Barber grabbed the headlines Thursday, defending champ Ben Hogan and pre-tourney favorite Arnold Palmer weren't out of the running.

**HOGAN WAS AMONG** the seven who shot 69s, while Palmer—winner of near \$50,000 this year—was among a quartet at 71. Five other players were bounced at even par 70.

Bracketed with Hogan were Johnny Palmer of Tulsa, Okla., Kel Nagle of Sydney, Australia, Don January of Dallas, Doug Sanders of Miami, Fla., Ken Venturi of Palo Alto, Calif., and Gene Littler of Singing Hills, Calif.

## Fate of New League Up to Kefauver Bill

**NEW YORK** (UPI) — New York attorney Bill Shea today staked the future of the Continental League on the Kefauver sports bill.

"It's war or quit for us if the bill fails and if organized baseball refuses to cooperate in the matter of indemnities," said Shea, who guided the formation of the new major league. "We're 100 per cent behind the Kefauver bill because it's our only chance to get the players."

The Kefauver bill, bitterly opposed by officials of organized baseball, would prevent any club from controlling more than 100 players and would require each club to offer all but 40 for unlimited draft each year.

"That certainly would solve our player problem," said Shea. "Then, the next thing would be to work out equitable indemnities for minor league territory into which the Continental League is moving."

The new circuit, with a 1961 target date, is invading Toronto and Buffalo in International League territory; Denver, Minneapolis-St. Paul, Houston and Fort Worth in American Assn. territory and Atlanta in Southern Assn. territory.

Shea said that the failure of the Kefauver bill and lack of cooperation from organized baseball on indemnities might force a "war" that would mean raids on existing clubs. He added that the reserve clause—the clause that binds players to the same club from year to year—"isn't worth the paper it's written on."

Shea said he, league president Branch Rickey and former Sen. Edwin Johnson of Colorado will testify in favor of the bill in Washington next Thursday.

## Seek License for Light Heavy Bout

**LOS ANGELES** (UPI) — Feature Sports Inc. today applied to the California Athletic Commission for a license to hold the Archie Moore-Eric Schoepner world championship light heavyweight fight in Los Angeles.

Eli Boyar, spokesman for the FSI, said if the license is granted the fight would be staged July 18 in the 100,000-seat Coliseum.

The promoters, he said, had good offers to hold the fight in Toronto or Philadelphia should the application be turned down.

## Tribe Blanks Beaumont in Tennis, 31-0

Score Easy Win Over Cougars in Practice Tourney

In one of the final tune-ups preparatory to entering the California Interscholastic Federation tennis playoffs, Palm Springs High Tennis team defeated Beaumont of the De Anza League on the local courts yesterday afternoon, 31 to 0.

It was the seventh straight win for the Tribe this year and the third time they blanked an opponent.

Coach Seamus Nunan said today that the match with Chaffey Union High of the Montview league, scheduled for next Wednesday, had been cancelled at the request of Chaffey.

Nunan's squad, winner of Desert Valley League title will play Coronado High there in the first round of the CIF playoffs next Friday.

Seven single matches were played, Palm Springs winning them all but the final two did not count in the score.

## Harmatz to Ride T.V. Lark in 84th Preakness Race

**BALTIMORE** (UPI) — Bill Harmatz, who won last year's \$100,000 Preakness aboard Mrs. Halina Braunstein's Royal Orbit, has been engaged to ride the California comet, T. V. Lark, in the 84th running of the three-year-old classic at Pimlico on May 21.

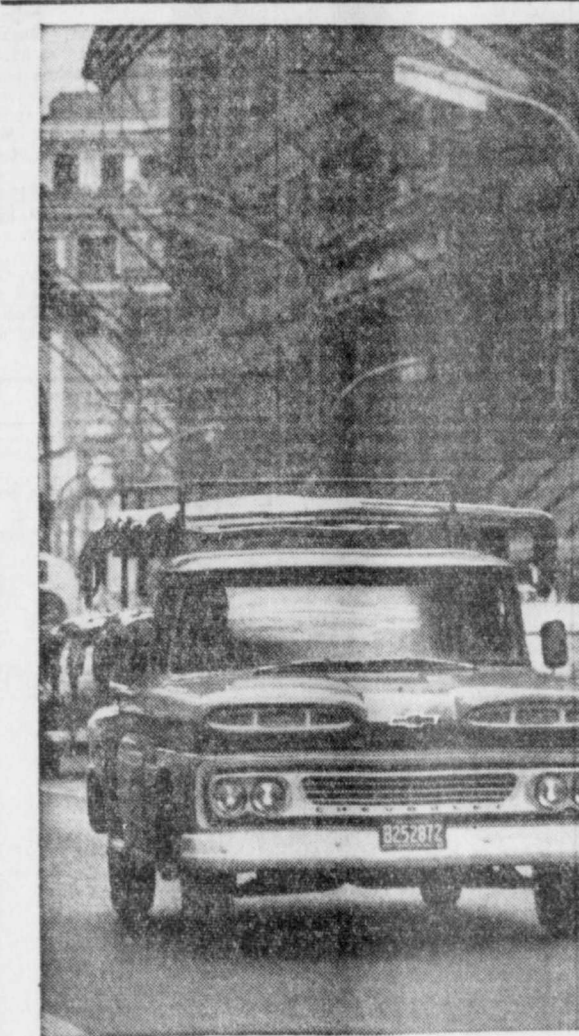

Owner Chase McCoy notified Pimlico officials today that Harmatz will fly to Baltimore the day before the Preakness and will again ride California's lone entry in the middle jewel of racing's triple crown. A year ago, Harmatz and Royal Orbit, California's only Preakness representative, collected a purse of \$137,800, the largest ever won by a three-year-old in racing history.

## McMurray and Martin to Play At Yorba Linda

**YORBA LINDA** (UPI) — Dean Martin and Fred MacMurray Thursday added their names to a growing list of celebrities who will tee off May 21 in the second annual World - Entertainment Golf Championship at Yorba Linda Country Club.

The two film stars joined other personalities including Bob Hope, Robert Young, Jim Garner, Jack Kelly, Johnny Weissmuller, John Raitt, Howard Keel, Curt Massey and Lloyd Nolan in the tournament.

The two-day competition is limited to show business figures and the final entry list will total 120 for the 36-hole match.

## Ingo Bans Dazzling Lights After Wallop

**GROSSINGER, N. Y.** (UPI) — No more bright lights for Ingo Johansson! The heavyweight champion today angrily banned movie lights from his training ring because he blamed them for a terrific punch in the face he received from a new sparring partner.

Ingo claimed he couldn't see the punch because of the dazzling lights during his second round.

Stewart's right jolt to Johansson's cheekbone knocked the champion back onto his heels. Ingo was well shaken but he did not go down. However, the punch made him so angry he refused to box any more or to do any gymnasium work.

## Cervantes Scores Nod Over Valdez

**LOS ANGELES** (UPI) — Felix (Pelon) Cervantes, 125 1/2 growing stronger as the fight went into the final rounds, Thursday night captured a unanimous 12-round victory over Danny Valdez, also 125 1/2, to retain his California featherweight title.

**Chevy hums through Chicago traffic to the tune of 21 miles to the gallon!**

Working for Bumper and Auto of Illinois, Inc., ten 1960 Chevrolet pickups battle Chicago traffic day after day. Each truck averages about 2,000 miles a month in this wearing stop-and-start delivery service. Mr. Harry Haller, General Manager of S & H Truck Leasing, who leases the trucks to the bumper firm, reports: "We provide full maintenance on the trucks—gas, oil and everything else—so it pays us to know just where we stand on costs. And our records show that the '60 Chevies are giving us as much as 21 miles per gallon... with an average of better than 17 miles per gallon. Mister, these are our kind of trucks!"

Truck owners have good things to say about all Chevy engines. And when they're not talking about Chevrolet performance and economy, they're telling you how great that new Torque-Flite is. How it soaks up road shock and vibration. Protects fragile loads. Lets you run at faster, safe speeds to get more work done in a day. Drive a torque-flite Chevy soon. FRALEY CRAWLS OUT ON A LIMB

## Looks Like 2-Team Race in Both Loops

By OSCAR FRALEY, United Press International

NEW YORK (UPI) — Enough early evidence is in today to reevaluate the baseball pennant races and, on the basis of opening production and unrealized potential, they shape up as solid as two two-team battles all the way to the wire.

## CVSL Meets Strong S. B. Team Tonight

Coachella Valley Savings and Loan baseball team takes on a strong Scotty's Mufflers nine from San Bernardino at the Polo Grounds at 8 p.m. tonight.

The Gate City aggregation has a long string of victories and is probably one of the best to face the Palm Springs team in some time.

Manager John Marinko of the CVSL club plans to start with a former star battery for Palm Springs High, Johnny Andreas on the mound and Joe Lewis behind the plate. In reserve he has another former high school star, LeRoy Segundo.

## No Jinx For Joe on 13th

LOS ANGELES — (UPI) — Joe Louis celebrated his 46th birthday today, laughing at any ideas of bad luck on Friday the 13th.

"I've had good luck," he said, "and I don't think it's going to change today."

Louis, golf lover, self-styled stay-at-home and former heavy-weight boxing champion of the world, leaves for New York Sunday to work for the promoters of the Floyd Patterson-Ingemar Johansson June title fight.

Will Patterson, who has said Joe is his inspiration, make a successful comeback against the Swede with the thunderbolt punch?

"I DON'T THINK I can say," he said, "because I'm going to work for both fighters. But I'm sure it's going to be a good fight. Patterson learned something last time, and that Johansson has all the confidence in the world."

Louis quit working for the International Boxing Club over a year ago and his connection with the Patterson-Johansson scrap will be his first boxing activity since that time.

He'll help publicize the bout and visit the camps of both fighters. Louis lives quietly in Los Angeles with his wife the former Miss Martha Jefferson. It's a far cry from the exciting life Louis led as heavyweight champion.

MRS. LOUIS apparently has been feeding Joe pretty well. He weighs 238, 24 pounds over his weight for his last bout against Rocky Marciano in 1951. The Mrs. fixed him a special birthday dinner today.

A fistic but not a fiscal success during his years of rule in the heavyweight division, Louis is proud of his wife, who is a lawyer.

"I should have had her a long time ago," he said regretfully. "I might have wound up with something."

## S.F. PITCHING VS. BRAVE POWER

## Giants Run Streak to Six Straight Games

By FRED DOWN

United Press International The National League race is fast shaping up into a battle of San Francisco pitching against Milwaukee power.

It's an ironic twist for the rival managers, too, because Bill Rigney of the Giants has always been an advocate of "crash" — long ball hitting — and Charlie Dressen of the Braves has always championed sharp pitching combined with inside baseball.

BUT NEITHER has any reason to complain today with their teams already wiping out the bitter disappointment of 1959 when the Los Angeles Dodgers "stole" the flag from them with a late-season rush and a post-season playoff victory.

The front-running Giants increased their winning streak to six games Thursday when they beat the Philadelphia Phillies, 1-0, while the Braves used their long-ball "punch" for the second straight day to down the St. Louis Cardinals, 4-3. The Cincinnati Reds scored 13 runs in the first two innings and crushed the Chicago Cubs, 14-1, in the only other NL game.

GARY BELL became the American League's first four-game winner of the year when he pitched the Cleveland Indians to a 3-2 win over the New York Yankees and Tom Brewer's two-hitter enabled the Boston Red Sox to shade the Chicago White Sox, 1-0, in other big league action.

Eddie Mathews' third homer in two games and sixth of the season gave the Braves their second straight victory after the Cardinals whittled away at Bob Buhl to overcome Milwaukee's early 3-0 lead.

## Floyd Improves Aim in Ring and On Target Range

NEWTOWN, Conn. — (UPI) — Floyd Patterson took target practice on the firing range and in the ring Thursday in a tune-up for his June 20 heavyweight championship bout against titleholder Ingemar Johansson. Patterson engaged in some pistol target shooting and then sharpened his aim in the ring during four rounds of sparring. He went two rounds of sparring. He went two rounds with his younger brother, Raymond, an aspiring fighter.

EDDIE MATHEWS clobbers third homer in two days to win for Milwaukee over St. Louis.

## 9.2 Century May Be Run Saturday In Fresno Meet

FRESNO (UPI) — The elite of the country's track and field stars compete in the West Coast Relays Saturday — and officials are talking about the possibility of a half dozen world records.

This may seem far-fetched, but meet director Flint Hanner is optimistic to the extent that he thinks maybe a 9.2 record may come out in the 100-yard dash. The entry list in this event includes Ray Norton, the current world's fastest human; Roscoe Cook, Oregon's great sprinter; and Leonon King, one-time California star on the comeback. All have been clocked in the world-record equalling time of 9.3. But Bobby Poynter of San Jose State may beat them all.

"This track is fast," says Hanner. "And the weatherman has promised us fine weather. It could happen."

No one in history has ever run the 100 in 9.2 without the aid of a following wind. But Hanner thinks one of these boys may do it.

## FIGHT RESULTS

PHILADELPHIA (UPI)—Len Mathews, 125½, Philadelphia, knocked out Arthur Persley, 137, New York.

LOS ANGELES (UPI)—Pelix Cervantes, 125½, Los Angeles, outpointed Danny Valdez, 128½, Los Angeles 12.

## Little League Games Start Next Friday

Managers Cutting Squads Down to 15 For Start of Play

This is pruning time in the Little League.

Managers, after several days of practice, were going over their rosters to cut them to 15 players as required under League rules.

Monday is the deadline and all teams must be reduced to 15 players by that date.

THE BOYS ELIMINATED will go into the Minor Leagues, subject to call at any time by their club manager in the event one of the chosen 15 players becomes ill or leaves town, leaving the team shy of its allowed roster of 15.

Play in the Little League gets under way next Friday, May 20. There will be double-headers Friday and Saturday each weekend until after June 4. Then games will be played on Fridays only at the Polo Grounds.

ALBERT "WOODY" WOODS is president of the Little League and active getting the organization under way. Teams and managers in this year's Little League play are:

Rotary Club — Jim Schilling, manager.

City National Bank — Noel Burns, manager.

Junior Police — Walter Colglazier, manager.

Palm Springs Water Company — B. DiGrandi, manager.

LINCOLN-Mercury — Dick Perkins, manager.

Hathaway Braves — Mark Hopp, manager.

## Desert Valley Baseball Season To Close Today

Desert Valley League baseball season comes to an end today with games on three diamonds and the pennant already won by Coachella Valley.

Palm Springs High, pre-season favorite for the title, is down in fourth place with a 4-5 mark and hosts Twentynine Palms this afternoon in its final game. The Indians won their first round game with Twentynine Palms there, 14 to 4.

In the Big Game of the day, first-place Coachella meets Banning but the effect won't change the championship. The Arabs are 8-1 and Banning 6-3 and even a Bronc win would leave Coachella Valley on top.

In the third game today, Indio and Yucaipa meet.

## Grossman Plays In B Net Semis

Gary Grossman will be the only Palm Springs High School representative in the California Inter-scholastic Class B Tennis singles at Santa Ana tomorrow morning. Semi-finals in the B tourney are slated for tomorrow morning and finals in the afternoon.

The whirling, glittering, music-chonking, party carousel... that's revolved so fast this past season that it's almost tossed off its passengers... is grinding to a stop... Slower and slower it goes... but it's still good for a few more revolutions... Like tonight's Beatnik Party at Ranch Club... Costellos' big Mexican party and the Shadow Mountain Club luau tomorrow night... and the "Come As Your Ancestor" party that closes Racquet Club Sunday night... Out at North Shore Beach tomorrow night... will be the first of a series of Beachcomber parties that will carry on during the summer... with luau torches blazing on the sandy beach alongside the ship-like clubhouse...

Winsome Courtney said she thought there were around 125 guests in attendance... at the smart cocktail and dinner party... which she and Louise Nicoletti hosted at Eldorado Country Club Wednesday night... but it looked like more for the big diningroom seemed well filled and the dance floor (we danced to the music of Joe Mo-shay's orchestra) was crowded... The beauty of the dancing multi-colored waters in the fountains out in front... are a never-ending delight at Eldorado... and the big full moon that hung heavily in the sky like an over-ripe peach... added to the night's beauty... Indoors was the contrast of a dinner party that would have been notable at the height of the season... Louise had her daughter and son-in-law the Federico de Silvas of San Marino... portrait artist Steve Wright and Bonni Buehler Blalock as special guests... she was wearing a short floral taffeta Bess Bender original... Winsome was lovely in a white lace Don Loper as she welcomed guests and supervised seating arrangements at the flower-decked

tables... Among the guests were the Bill Wilsons, George and Polly Biedebach of Hollywood, and Jack and Joan Regan Henningson of New York, Albert Redman of Detroit... Jimmy Van Heusen was there (Moshay played his "High Hopes"), the Charlie Ferris, Connie Barlean, the Doyle Cottons... the Al Hunts, Kay Obergef, Eric Staintons, Clark Swanson, Vicki Malouf, S. P. Manasses... Paul Reynolds, Ralph Singers, Joe Froggats, Bill Codys, William Setters, Robert Morris... Co Thomtons, Sydney Schiffs, Howard Morris, Walt Sibberts... Mousie Powell, the George Barvettis, Dorothy Gray Brown, Bill Elliotts, Bob Howard, Victor Hugo-Vidals, Bess Bender, the Jimmy Hines, Sherman Hulls, Georgina Poston and Jimmy Morton... and lots more...

Painted daisies, carnations and sweet peas flowered the luncheon table in the Racquet Club Garden Room... when Kay Obergef and Nellis Hunt hosted a welcome-back party for Emma Gale... who has been on a wonderful world tour... and a birthday party for Wrenn Tevis

Round Up Boss Lloyd Laflin had left for the summer... and Ed McCoubrey and Johnny Boyle and quite a few others were away on the Rancheros ride... but there was still a good turnout for Desert Riders last Moonlight Ride... which rendezvoused at the Relay Station Tuesday night... Allan and Mary Jones rode out on the two Tennessee Walker roans... Duke and Duchess... which he bought for use in his new TV series... Some one else's horse came untied and went home without its rider... Jack Boyer served his usual fine chuckwagon... ending with a delicious sugar-crusty apple pie... Cliff Campbell manned the guitar and sang his famous "Sirey Peaks" while the big moon climbed higher in the cottonwood trees... and led singing... and Allan sang some of the songs for which he is famous... But there wasn't any campfire this year... and no one needed a sweater...

Happy Friday the thirteenth birthday to Edith Eddy Ward... who's living dangerously... Guests at her birthday party tonight will have to walk under a ladder to get in...

DINNER DANCING at Eldorado Country Club Wednesday evening were over 100 guests of Louise Nicoletti, left, and Winsome Courtney, right. Standing are Jimmy Van Heusen, left, and Mrs. Nicoletti's daughter and son-in-law, the Federico de Silvas of San Marino. (Desert Sun Photo)

# In Short Stories

## Dobie Gillis First Had Start in 40's

Every Tuesday night, author Max Shulman presents his version of an American teen-ager to the American public on the CBS Television Network's series, "The Many Loves of Dobie Gillis," 8:30-9 p.m.

If you know Shulman (he's the author of such books as "Barefoot Boy With Cheek" and "I Was a Teen-Age Dwarf") you would expect that Dobie, played by Dwayne Hickman, would be the type of teen-ager the average mother and father would simply adore having around — but not for long. And he'd be right.

**DOBIE IS LOVABLE** but, let's admit it, he's also slightly irresponsible. His thoughts are of money, cars and girls — though not necessarily in that order. And he'll do almost anything to attain those goals. Anything, that is, except work.

Explains Shulman: "This is an anti-togetherness series. Dobie lives in one world and his parents live in another. There is no communication between the two."

"**TALK TO DOBIE**, tell him something is wrong, give him good logical reasons to change, and he'll say 'yeah,' and go right out and do it again. Like I said, no communication."

"And," Shulman continues, "I

can assure you that there will be no homey family problems solved on this series. I think it's about time we did away with some sweetness and light."

Dobie Gillis first came into being in the mid-1940s when Shulman published the first of a collection of short stories in magazines based on the character Dobie Gillis. The stories were later published in a book titled, "The Many Loves of Dobie Gillis."

**PLANS FOR A** television show based on the title character had been in the works for some time, but Dwayne Hickman, the actor Shulman wanted for the series, was tied up with another show and was not available.

"I was determined to wait for Hickman," Shulman explains. "We finally landed him."

What's Shulman got in store for Dobie Gillis in the series? Not college, certainly.

"**I DON'T THINK** Dobie will ever go to college," he says. "The way he chases dames, he'll get married first, poor fellow."

The character of Dobie may not be that of the typical teen-ager, but neither is Max Shulman a typical author. His personal philosophy is summed up when he says that he "belongs to no clubs, has no hobbies and takes no exercise."

## STEER PRESAGES MURDER SERIES

Eric Fleming and Clint Eastwood star in the drama as cattlemen Gil Fuvor and Rowdy Yates.

## Tomorrow's Citizen

By Ronald Borenbaum (8)  
31-753 Avenida La Paloma  
Palm Springs

I was born August 10, 1951 in Glendale, California. I have no brothers, two sisters, four grandparents, three aunts and three uncles, and nine cousins—oh, man! I like to go swimming when it is hot. I know what I want to be when I grow up. I want to be a lawyer and a baseball player for the Dodgers.

I've been to Las Vegas and New York. In New York I visited the United Nations Building and the Empire State Building. I have also been to Cleveland, Niagara Falls where I went on the Maid of the Mist. I was also at Grand Canyon, Painted Desert, Petrified Forest, New Mexico, New Jersey, Arizona, Twenty-nine Palms, Colorado River, Hoover Dam and San Francisco.

In San Francisco I went on the cable car to the bay at Fisherman's Wharf and to Chinatown. I also went over the San Francisco-Oakland Bay Bridge and the Golden Gate Bridge, which is the longest single suspension bridge in the U.S.A.

My favorites on television are "Sea Hunt" and "Dennis the Menace." On radio I like Johnny Dollar, and in the movies I liked "Don't Give Up the Ship" and

RONALD BORENBAUM

"Visit to a Small Planet." I do not have any girl friends, but I have four boy friends. I have no special games at home or at school. I like all sports. I have not had too many outstanding things happen to me yet, I'm not quite nine, you see.

MY CATS

I have a cat so big and black. My mother and my father call him Mac. He loves to sleep upon my bed. I have another cat which is a boy.

My family and I call him Ming Ooy. His fur looks like a mocha cake. It's surprising how much fish he can take.

Last, but not least, I have a kitten. Whose fur feels like an angora mitten.

Its purr sounds like a baby's rattle. And since it's a girl, we call her Side Saddle.

The kids have been so nice to me. As nice as nice can be.

## Goal of Week

My goal for the week is that we will be careful on our bikes. We will look for stoplights and will not take our eyes off the road.

## Story Hour

### THE MISSISSIPPI RIVER

By Steven Glass (7)

3358 Leonard Road, Palm Springs  
The Mississippi is a river that boats and ships go on. Fish are in it too. There is a bridge over it. Cars go over it too. Sometimes big trucks come on it. I like the looks of it. I have been to the Mississippi River. It is nice there. Many men catch fish there.

### MY TRIP IN A BATHYSCAPH

By Paul Cable (10)

1174 San Lucas Road, Palm Spring  
On the top of the water I saw sharks, mackerel, barracuda and tuna fish. As I went deeper I saw smaller fish. As I descended into the sea the boat would rock back and forth. It would get darker and darker as I went deeper. When I was deep under the water, I saw all kinds of funny fish. The kinds of funny fish I saw were blow fish, jelly fish and other kinds. When I was about six miles deep it became pitch black. Then I saw mountains as high as 40,000 feet. I also saw valleys and hills. Some crevices on the bottom of the sea are deeper than the Himalaya Mountain are high.

## Professor Challenge

This week the Professor hopes this one will keep you busy for awhile. A group of people, dining at a restaurant, agreed to share equally in paying the bill, which amounted to \$6. Then, as they were about to leave, they noticed two of their members had skipped out, so that each had to pay an additional quarter as his share. Find the original number of people in the group.

The winner for last week's puzzle was Laurie Needelman (11), 255 Deby Drive, Palm Springs. Congratulations.

Growing  
African Lion Sold  
by Classified Ad

WHEN H. R. Ankrom, Washington, D. C., bought an African lion "just for laughs," he forgot about a young lion's tendency to grow bigger and bigger.

FINALLY, with a 100-pound beast rough housing around and with the Welfare Dept. "suggesting" he get rid of the animal, Mr. Ankrom ran a Classified Ad in the Wheeling Intelligencer. Response was great that he quickly sold the lion (to an advertising Executive) and received at least ten other offers.

YOU MAY not have a lion for sale — but chances are you DO have some articles around the house that you'd like to sell. It's easy to do — call FA 5-5005 and ask for Classified.

## Salton Sea 2nd Birthday Fete May 21

Mushrooming Town  
Preps Luau, Dance,  
And Other Events

SALTON CITY — The second anniversary of this busy community on the shore of Salton Sea will be celebrated May 21, the Chamber of Commerce has announced.

There will be a giant luau, served from flaming pits, public dancing to a nationally famous orchestra, water ski races, and a full afternoon of water events for children up to 16, according to Chamber President William E. Newell.

WITHIN THE space of two years, Salton City has become one of the most discussed communities in the West. Newell noted. Hundreds of boats are launched from the elaborate Water-front marinas, and thousands of visitors drive the 185 miles of wide streets each week.

Located on the shore of the unique 365-square mile desert sea, Salton City has become a familiar address to sports fishermen and desert lovers who enjoy the unusual benefit of sea breezes.

DEPARTMENT OF Fish and Game Warden report that more than 3,000,000 sizeable corvina and an uncounted number of sargo live in the sea. Sports writers are currently describing excellent fishing conditions.

Sales of Salton City properties have been remarkable, according to the community's developers. As a consequence, there are now two motels, a gas station, two restaurants and numerous other facilities available to visitors and new residents.

"PATTY GARDENSEED," otherwise known as Patty Mosier, gets a big handshake from Carl Jensen, Palm Desert Rotary Club program director, and a hearty welcome from Jerry Malone, acting president, last Friday as Patty spoke on his 30 years in the U. S. Navy and how his career led him to become world famous for his distribution of garden seeds to needy countries. Patty was once welterweight prizefighting champion of the Navy. (Desert Sun Photo)

## PATTY USES GARDENSEEDS FOR PLANTING FRIENDSHIPS

By CHUCK WHEELER  
PALM DESERT — There are a great many people around the world today that call him "Patty Gardenseed."

The communists, perhaps, have another name for him.

Regardless whether he is called Patty Gardenseed or by his real name, Patty Mosier, the 30-year retired U. S. Navy man who addressed the Palm Desert Rotary Club Friday is a vibrant personality.

PRESENTLY, PATTY is an engineer for a steamship line and in the past few years has traveled around the world five times distributing garden seeds to countries in the orient and other parts that are needy.

His motto that represents his work is: "Put a green band around the world to stop the red band."

Patty first was inspired to distribute the seeds when in Korea he found a small Korean girl dressed only in a burlap sack. He took her to a hospital where she died from malnutrition although there was plenty of fish and rice.

PATTY WAS TOLD that vegetables were needed. That was many years ago. Today Patty can hardly compute the number of seeds he has distributed — the number runs into the millions and he's still going strong.

Once when Patty was in South Korea, two North Koreans came down to see him in the engine room. They requested seeds. Patty said he couldn't go into North Korea.

The ship went on to Pusan. The two men came down to see him again, still requesting the seeds. Patty said his seeds were for all mankind but that he didn't want to chance a trip into North Korea.

BOTH THE MEN assured Patty that he would retain his head, and in their words, Patty says, "Body no good without head." And they wanted the seeds.

So, over the 38th Parallel went the Texan who, by the way, could take care of himself, having been welterweight prizefighting champion in the U. S. Navy for five straight years. His diamond belt which he cherishes today is evidence of his boxing days. Besides, Patty was three consecutive years in the Olympics in swimming, hockey, boxing and fencing.

Across the parallel, Patty met General Wu who told Patty to come back and bring more seeds, that they had "plenty Americans" who could talk to him so he could explain the seed program.

THUS, PATTY (GARDENSEED) Mosier (he has about five other Irish names, which include Aloysius) learned that there are still alive 300 to 400 Americans. General Wu further told Patty that he

had "Number One son of Number One general," which Patty guessed is the son of General Van Fleet.

Patty, who has enlisted the aid of Rotarians throughout the world for his seed program, has asked Vice President Nixon to let him go back to North Korea and free the captive Americans.

Patty feels he can do it. He is patiently waiting Nixon's reply.

PATTY HAS MADE a lot of predictions that have come true. On a television program he was taping, Patty said that Syngman Rhee would be ousted from Korea. The moderator told Patty he shouldn't have said that because

Rhee is a friend of America and that he would be head of Korea a long time.

The Rhee bit was cut out of the program and a few short days later, before the tape was shown, Rhee was violently ousted.

Patty says he doesn't think Rhee is a friend of the United States or of his people and now that Rhee is gone there is a good chance for unifying Korea. Patty also predicts Chiang Kai Shek will be the next to go.

Anyone who is interested in sending seeds of friendship throughout the world is urged to contact Patty Gardenseed at 4309 Don Felipe Drive, Los Angeles 8.

## Mrs. Fran Hodgeman Feted Prior to Trip

By RUTH STEINER  
Preparations are busily under way at the Shadow Hills Drive home of Mrs. Fran Hodgeman, who will leave soon for a two months European cruise. She will entrain from Los Angeles to New York, leaving on the Queen Mary on May 18, returning home by plane, via the Polar trip. Tuesday afternoon, Mrs. Hodgeman hosted a bridge and luncheon for a few friends in her home. Sunday, Mrs. June Goodwin gave a bon voyage luncheon and bridge for her.

A dessert bridge luncheon was given at the home of Mrs. Mon Wallgren Saturday afternoon, co-hosted by Mrs. Bi Johnston, Mrs. A. C. Horner, Mrs. Art LaBeau of Palm Springs and Mrs. Wallgren. This tea was a most worthy cause, as the silver offering collected by some 20 ladies present was given for the palm trees to be planted along Highway 111 in Palm Desert. Another palm tree benefit was given Thursday afternoon when Mrs. Tom Brown, Mrs. Baldwin Baker and Mrs. C. M. Kincaide, Jr., co-hosted dessert luncheon and bridge for 24 ladies, held in the Kincaide home on Willow Street.

Entertaining for luncheon and bridge in her Silver Spurs Ranch home for almost the last time, Mrs. James Drugan hosted a lovely party for 12 ladies this past week. Mrs. Harry F. Taylor (of Studio Girl, Inc.) was a guest of honor, driving down from Glendale for the occasion. The Drugans have purchased the former Norman Ruff four-family apartment house on Highway 74, and the Ruffs will occupy the former Drugan home in Silver Spurs.

Winnetka, Ill., guests, Mr. and Mrs. Leonard Etelson (they are one of the owners of La Quinta Hotel), who spent a week at the La Quinta Hotel prior to its closing for the summer season, were entertained at the Shadow Mountain Club Wednesday Chuckwagon buffet, by Mr. and Mrs. Jack Gillespie. Mr. Gillespie is with the George Elkin Realty Co. of Beverly Hills.

Newcomers to the desert are Mr. and Mrs. Charles Vanier of Fort Bragg, Calif., and Mr. and Mrs. Charles Mitchell of Chicago, Ill., who recently purchased homes in the Rancho Palermos Estates. They plan on residing here the year round.

Mrs. Elmer Kelvey returned to her San Pablo Street home this week, after having spent the past few weeks with her son and family.

ily, the William Garrads in Seattle, Wash. Mr. Kelvey, who was employed with Eldorado Country Club, recently died after a six weeks illness. The Kelveys, formerly lived on Willow Street, but sold their home to the John Botsford of Indio.

Before returning to their home in Minneapolis, Minn., Mr. and Mrs. Roy H. Bjorkman, who owns the Bjorkman Shoppe there, will visit with Mr. Bjorkman's sister and husband, Mr. and Mrs. C. M. Kincaide, Jr., on Willow Street. Mr. Bjorkman has spent the past week in Los Angeles buying for his store and on his return to Minneapolis, will jet to Paris on further buying for this well known ladies' specialty shop. The Kincaides spent Mothers' Day in Long Beach visiting their son and family, C. M. Kincaides, III, celebrating a dual occasion, as it was their granddaughter Nancy's birthday.

Seal Beach visitors and former Palm Desert residents, Mr. and Mrs. Ben Barnum visited the Don Walkers and Dale Moyers this past weekend. The six were among the group who attended the buffalo barbecue at the Leisure Loft Saturday night.

Mothers' Day was well attended at Shadow Mountain Club during the usual Sunday brunch and dinner. Seen here and there among the crowd were the Roy Kesslers, Val Montgomerys, Mrs. Allen Archer hosting a party of five, Hugh Cuttings, William Tegarts, Fred Nassours, Page Hubbels, Mr. and Mrs. Willard Parkers, Lewis Williams, Ben Fosters, Gordon Bachmans, Andrew S. Moseleys, Dr. and Mrs. P. W. Seals, the Herb Shaws entertaining Walter Allens who have departed for their summer home in Oklahoma City, Mr. and Mrs. Dumas Bromley and others.

Saturday night, Mrs. Edna Value and Mrs. Fran Hodgeman hosted a dinner, cocktails for 17 of their friends at the Value home. Later the group enjoyed cards.
